

Day 16 Assignment & practice

Assignment 1 Emp Example

**Mark**  
Gender: Male  
Department: IT  
Phone Number: 6303526523  
Email: mark@gmail.com  
DOB: Thu Oct 25 1990 00:00:00 GMT+0530 (India Standard Time)  
Active: true

**John**  
Gender: Male  
Department: Finance  
Phone Number: 9123456780  
Email: john1@gmail.com  
DOB: Sun Jun 12 1988 00:00:00 GMT+0530 (India Standard Time)  
Active: false

**sans**  
Gender: Female  
Department: HR  
Phone Number: 8919200200  
Email: sans@gmail.com  
DOB: Sat Aug 15 1992 00:00:00 GMT+0530 (India Standard Time)  
Active: true

**John**  
Gender: Male  
Department: Finance  
Phone Number: 9030130001  
Email: john@gmail.com  
DOB: Sun Jun 12 1988 00:00:00 GMT+0530 (India Standard Time)  
Active: false

**Mark**  
Gender: Male  
Department: IT  
Phone Number: 6303526523  
Email: mark@gmail.com  
DOB: Thu Oct 25 1990 00:00:00 GMT+0530 (India Standard Time)  
Active: true

Assignment 2 CRUD

User Management System

Create, Read, Update , Delete Operations

**Add New User**

**Name**

**Email**

**Add User**

**Users List**

| No | Name   | Email            | Actions                   |
|----|--------|------------------|---------------------------|
| 1  | Sanjay | Sanjay@gmail.com | <b>Edit</b> <b>Delete</b> |
| 2  | Rahul  | Rahul@gmail.com  | <b>Edit</b> <b>Delete</b> |
| 3  | sam    | sam@gmail.com    | <b>Edit</b> <b>Delete</b> |

**Total Users: 3**

Assignment 3 Calculator

**Calculator**

**Add** **Subtract** **Multiply** **Divide**

**Result: 99**

Data Binding Concept

| Interpolation (Read-only)  | Two-Way Binding (Dynamic)        | Property Binding (Read-only)     | Current Date                                            |
|----------------------------|----------------------------------|----------------------------------|---------------------------------------------------------|
| Data Binding Concept       | <input type="text" value="101"/> | <input type="text" value="101"/> | Tue Jan 20 2026 17:13:46 GMT+0530 (India Standard Time) |
| Current Roll No Value: 101 |                                  |                                  |                                                         |

Angular Lifecycle Hooks Demo

| No | Lifecycle   | Desc                                       |
|----|-------------|--------------------------------------------|
| 1  | ngOnInit    | Called once after component initialization |
| 2  | ngOnChanges | Called when input change.                  |
| 3  | ngOnDestroy | Called before component is destroyed       |

| Interactive Counter                 |                       |
|-------------------------------------|-----------------------|
| Current Counter Value               | 10                    |
| <div>IncrementResetClear Logs</div> | Component Initialized |
